

## CITY OF FORT MORGAN POLICY FOR NATURAL GAS INSPECTIONS

### 1.0 PURPOSE

This policy is to eliminate that past practice of lighting pilot lights and the general inspection of mechanical appliances in homes, businesses or any other customer that utilizes natural gas from the City's Gas Department. **This policy does not apply to inspections and the pilot lighting in the course of general maintenance operations of the City's Gas Department.**

### 2.0 POLICY

**The City of Fort Morgan will continue to respond to all service calls related to potential and actual natural gas leaks as required under federal, state and local regulations.** The City's Gas Department will not respond to service calls that include any inspection (other than determining natural gas or carbon monoxide leaks), modification, repair or relighting of any appliance or mechanical unit that uses natural gas.

### 3.0 DISTRIBUTION

Gas Department, Utility Billing and City Engineer.

Policy Effective Date: September 1, 2010

***Remember to call the City of Fort Morgan at 867-4350 if you smell gas.***
