CEMETERY VAULT POLICY

The City of Fort Morgan requires the use of a burial vault with the following minimum specifications:

1. The Vault will be resistant to water, minerals, chemicals or acids normally found in the soil.
2. The Vault must withstand at least 61,000 pounds of pressure over the entire grave and be able to withstand 6,000 pounds per square foot of pressure.

The FEE for installation of a burial vault is:

1. \$30.00 for installation of a fiberglass or plastic vault.
2. \$30.00 for installation of a steel or cement vault provided that the vault company entirely installs the vault and repairs and replaces any damaged areas in the cemetery. A charge of time and materials will be assessed for any vault installation that requires the City to assist with the installation or repair damaged areas.
